Please Note

FISTS is a friendly club, we do not ask for members to have reached any specific speed or ability with code before they join us, in fact we encourage anyone with a love of Morse to become a member even if they are not active on that mode. We do how ever expect all members to keep to the sprit of friendship and support that most Radio Amateurs would expect. We will not tolerate behavioural that contradicts this and puts the clubs good name in dispute, Any members that are considered to having behaved in a way that is not in keeping with this will have their membership terminated for the good of the club and the majority of its membership.
